PROFESSIONAL OVERVIEW

Frontend and WordPress developer with production experience building custom themes, Elementor systems, reusable page structures, and responsive React interfaces. Maintains company and client websites across development, security, QA, deployment, and recovery, with a visual-design background that supports accurate design implementation and practical content workflows.

WORK EXPERIENCE

FRONTEND WEB DEVELOPER / GRAPHIC DESIGNER

JAN 2026 - PRESENT

Tech Support Plus I.T Service, Taguig City, Manila

- Built custom WordPress themes from blank starters for internal corporate websites, including Elementor integration, custom-field content, responsive styling, and deployment support.
- Created a repeatable migration approach for rebuilding legacy Elementor pages with Editor V4 elements, centralized design variables, and reusable classes applied across website migrations.
- Maintain active company and client websites, support periodic updates for additional company websites, and build responsive MVP landing-page demos for client and internal leadership review.
- Built a centralized WordPress plugin manager and contributed to production Elementor modules for reusable content displays, navigation, carousels, galleries, and directory features.
- Recovered a defaced WordPress site through malware scans, checksum verification, file replacement, credential rotation, account cleanup, 2FA, and expanded monitoring, with no reinfection observed during the following 14 days.

WEB DEVELOPER

APR 2025 - DEC 2025

ABCDE Creative Studio, Cabuyao City, Laguna

- Implemented the studio website from approved Figma designs as a responsive React site with reusable components and shared sections.
- Built responsive pages using React, HTML, CSS, JavaScript, and TypeScript.
- Configured GitHub Actions and Cloudflare Pages to build and deploy the site, and continued implementing post-launch updates.

PRINT MACHINE OPERATOR / GRAPHIC DESIGNER

JAN 2024 - OCT 2024

Young Alpha Advertising Corp, Santa Rosa City, Laguna

- Improved workflows through RIP setup, color calibration, cutting-process cleanup, and troubleshooting across 2 large-format machines, 2 cutting machines, and 5 workstations.
- Supported print production for a 7-person team handling signage, food truck visuals, and business materials.

SOCIAL MEDIA DESIGNER

JAN 2023 - SEP 2024

But First, Coffee, Multiple Locations

- Produced promotional assets for recurring and seasonal campaigns and refined materials with stakeholders.
- Designed weekly social media graphics and branded marketing assets for 3 branches.
